**Instructions - How to complete a ACH Stop Payment / Written Statement of Unauthorized Debit**

**Purpose:** The RDFI must obtain a Written Statement of Unauthorized Debit (WSUD) from its account holder prior to initiating a return for an entry the account holder claims is unauthorized, ineligible or improper, or for which the authorization has been revoked. This includes debit entries with Standard Entry Class (SEC) codes: ARC BOC, IAT, POP, POS, PPD, RCK, TEL and WEB; CCD and CTX entries to consumer accounts. Verify the transactions will be returned so the ODFI receives it by the day following the 60th day after settlement of the original transaction. The WSUD form must be retained for one year following the extended return.

**NOTE:** Regulation E provides the consumer protection for electronic transactions for a period of 60 days following the transmittal of the statement. Refer to your Reg E error resolution procedures for transactions brought to your attention after the ACH 60 day right of return, but within the Reg E 60 day statement date period.

**Unauthorized Debit:** An RDFI must accept a Written Statement of Unauthorized Debit from a Receiver with respect to any unauthorized or improper debit Entry to a Consumer account; any unauthorized or improper ARC, BOC or POP Entry to a non-Consumer Account and any unauthorized IAT Entry. The WSUD must be signed or similarly authenticated by the Receiver, submitted within the time frames provided by the ACH Rules, and otherwise conform to the requirements of Section 3.12. of the ACH Rules. The WSUD must be dated on or after the Settlement Date of the Entry(s) for which recredit is requested. More than one unauthorized debit Entry from a single Originator may be documented on a WSUD, provided that all of the information detailed above is provided for each Entry for which the receiver is seeking recredit.
