WE'VE GOT SAVINGS DOWN TO A SCIENCE!

C&CCU Celebrates National Credit Union Youth Month

Scientific studies have shown that humans are hard-wired to want instant gratification over delayed rewards. When it comes to money, that means an impulse buy is far more exciting than investment options. However, the same studies show that visualizing a goal and setting smart financial habits can help young people learn the science of saving.

Get your children into the savings habit by having them cut out pictures of something they'd like to have someday and posting the images where they'll see them often. Then encourage them to use their C&CCU minor account to make deposits, earn interest and save for their goals.

During National Credit Union Youth Month, we'll even put science on their side! Members ages 17 and younger who deposit a minimum of \$5 into a C&CCU minor account during April will receive one prize drawing entry to win a \$50 gift card!* Stop by the credit union to make a deposit today!

*Odds of winning depend on the number of entries received. Deposit must be made during April to receive entry. Minimum qualifying deposit is \$5, and members may earn a maximum of one entry. Credit union contest is open to all minor account holders ages 17 and younger. See credit union for full details.
