Celebrate National Credit Union Youth Month

Open A C&CCU Account For Your Child

This April, we're reminding young people that savings never go extinct at the credit union. With regular deposits, balances can grow bigger than a T-Rex, and the long-term benefits are bigger than a big bang.

Celebrate National Credit Union Youth Month with us by opening a C&CCU savings account for your children or grandchildren, or by making a deposit by April 30, 2021. There's no minimum balance, and all youth accounts pay quarterly dividends, so young people can learn about the value of interest as they save.

Outsmart Check Scammers

Fake check scams are becoming more common these days, but do you know how to spot them? Be sure you know the signs of a scam, so you can keep your information secure!

Mystery shopping jobs

If you're recruited to evaluate a shop's gift card or money order service, beware. Criminals will give you a check with instructions to deposit it, then ask you to wire funds to someone else. These checks can bounce, leaving you on the hook for fees *plus* the funds you've already wired away.

Surprise prizes

If you've been contacted about "winning" a sweepstakes contest, it could be a scam. Winners should never have to send money to cover taxes, shipping and handling costs, or processing fees. If you're asked to send money in order to receive your winnings, don't fall for it!

Overpayments

It's common to sell something through social media or online sales sites, but keep your guard up with buyers. If you receive an overpayment that the buyer claims is accidental, don't refund the money until the initial payment is cleared through your bank.

If you think you've been a victim of fake check scamming, contact the authorities and reach out to C&CCU. We can help you protect your accounts from further losses.
